

## **CAN'T STOP ME**

Chorus -

They can't stop me/  
No matter what they put in my way/  
They can't stop me no/  
No matter how hard it is/  
They can't stop me/  
Somebody tell em who my father is/  
They can't stop me no/  
I'm goin' to the top babe/

Verse 1 -

Stop me, first you gotta top me/  
And the only way that happens is if I decide to drop me/  
Spittin' for a higher power, I ain't concerned with money/  
I know it's weird, it's like a bee that ain't concerned with honey/  
But ey, I be all up in the zone/  
And I ain't Led Zepplin but I'm bout to bring it home/  
Yeah straight up to the dome/  
I'm aiming' at your heart but I do not need the chrome/  
Right, i'm tryina stay on top of this/  
Every line I spit is like I'm buildin' my metropolis/  
Keep it super crispy man there ain't no way they floppin' this/  
Betta call Denzel man, there ain't no way they stoppin' this/  
Freight train, man get up out my lane/  
I'm too much for ya, yawl betta call a lawyer/  
Ya'll betta call a docta, cause I'm so sic wit it/  
He flow so hard I seen em break a brick wit it/

Chorus -

Verse 2 -

I'm goin to the tippy/  
I told em on my last record, holler if ya wit me/  
Yup, and all praise due to Jah/  
Keep writin', keep fightin' till I'm floatin' wit the stars boy/  
Till I'm up there with the constellations/  
I been on the humble Lord forgive me if I lose my patience/  
And I'm ill on the downlow/  
Call me Shaquille cause I kill on the downlow/  
Two Four Seven steady on my grizzly/  
Cold as a polar bear, hot as a solar flare/  
Swagg on maximum, in my tight jeans/  
Pops is almost 80, lookin' 40 that's called tight jeans/  
And I'm meaner than the rest of em/  
Livin' water bottled at the source yes the best of em/  
And I double dog dare you to test me/  
Man this ain't even half of the best me/

Chorus -

Verse 3 -

Proverbs 3:5-6/  
In all things submit/  
And He will make your path straight/  
And Philippians 4:13 told me/  
I can do all things/  
Man can't hold me/  
And with the strength of the Lord I dominate/  
Fully focused with a million things piled on the plate/  
And they hatin' but I will not go there/  
They hot headed and I freeze em wit the cold air/  
With the cold flow, on a cold beat/  
I just go in mista no cold feet/  
And it's a new day & I'm a new man/  
It's not too late to change if I can do it you can/  
Let's be men, let's walk the walk/  
Treat your lady right, lead her out the dark/  
And to be a man, you ain't gotta fight/  
Cause the world said it that don't mean they got it right/
