

COME A LONG WAY (FEAT. CONSCIENCE)

Chorus -

We've come a long way from nowhere/
The road was often paved with tears & pain, tears & pain/

Verse 1 -

Life, sometimes we're dumb as toys on a shelf/
Tryna fix someone else but we can't fix our own selves/
Got a plank in our eye tryna talk about a toothpick/
That is not productive, that is more like useless/
Our job is to love, let God be the judge/
Stop bein' so critical, we are all people/
We are all equal, we are all familiar/
We all got our wicked ways, we are all peculiar/
We're pocketless souls, fighting over green/
But temporary money buys temporary things/
That's why 'm not tryina temporary bling/
If you're rich without Christ you're just a temporary king/
So love, love & give all that you got/
And chase after love like it's gold in a pot/
And when you find it hold on cause you're holding alot/
Cause we were made to love, & love is all we got/

Chorus -

We've come a long way from nowhere/
The road was often paved with tears & pain/

As cupid arose
Shootin' eros arrows/
That echoed through boroughs/
Like barrels with shells/
You can count on sea shores of hell/
cock back fade to black read the credits of the tale/
Epic how quail fell on the trail/
but pales when compared to that manna that grew stale/
I mean I rather be free and eat bread with less spice/
Than reminisce when i was a slave eaten' chicken fried rice/
Blow the dice I'm feline' it/
seven off my finger tips/
My militance is diligence/
I feel as if you throw salt on my eternal life process/
You probably wont appreciate my progress/
I always see people through the light of their strength/
Speak through the vent of my weakness/
And vow to never know where my peek/
If you neglect these elementary teachings/
Go back and relay your cement/
I done came a long way/
