

DO ANYTHING FOR YOU

By:Je'kob

Oh yes, my dear, I'm here/
No need to shed a tear/
I'll be here for good/
And yes, my dear, I'm here/
And I won't go away/
I'll stay with you through every rainy day/

And I will take my time/
To show you that I'm/
Not like all the other guys/
But I know they try/

And the beat go hard like my love for you/
And I swear I'll do, I'll do anything for you/
And I bet I'll die before I stop trying to show you I/

Chorus

I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/

Verse 2

Ok yes, yeah I'm right here/
I will be forever her for you cause baby you are mine/
And I won't go, go nowhere/
Cause you're my baby, and I won't leave you high and dry/

But I, I will fly you to the stars if you like/
And we could sail away/
We could stay up all night, and watch the sunrise/
And greet another day/

I love you more than anything/
I will give you everything/
You could ask for anything/
See if I don't get it, get it/
I'm on my grind, I am putting in the time/
I am killing on the rhyme, so that we could get it, get it/

And the beat go hard like my love for you/
And I swear I'll do, I'll do anything for you/
And I bet I'll die before I stop trying to show you I/

Chorus

I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/

Verse 3

Ey ey, I met her out in D.C/
We we're super young bucks/
Blessed me with my soulmate/
I don't call that dumb luck/
She is like an angel/
Beautiful and modest/
Proverbs 31 chick/
Noble and she's honest so I/

I will fly her to the stars if she likes/
And we could sail away/
We could stay up all night, and watch the sunrise/
And greet another day/

And the beat go hard like my love for you/
And I swear I'll do, I'll do anything for you/
And I bet I'll die before I stop trying to show you I/

Chorus

I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/
Oh baby, I'll do anything for you/
