

John316 (feat KIDD)

By:Je'kob

Verse 1

If I speak in tongues of men or of angels/
But I don't have love, I am just a gong/
Or a loud cymbal, I might could tell the future/
Or maybe move a mountain, but if I don't have love/
Then I miss the whole mark/
I'm less than the beginning of a spark/
Or I could give ya everything, I could be a martyr/
But if I don't got love, I aint got nada, I aint got nada/
yeah yeah, I aint got nada, if I aint imitatin' love from the father/
Everywhere I go, & everywhere I been/
Somebody should know, that they got a friend in me yeah/
Uh, And love never fails, from abortion clinics to the jails/
What you think he died for, why you think you're here/
Faith, Hope, Love, And the greatest of these is love/

Chorus

For God so loved the world/
He gave His only son/
That if we just believe/
Then we could live forever/

He didn't send His son/
To judge us for our wrongs/
But to give eternal life/
So that we could live it better

Oh oh oh oh oh it's all love baby/
Oh oh oh oh oh it's cause He loves us baby/
Oh oh oh oh oh it's all love baby/
Oh oh oh oh oh oh how He loves us baby/

Verse 2

Yeah, are you happy, could it be worse/
Are you livin' good, why you seem hurt/
Need a solution, you know where to go/
Search for joy finding' no hope/
And she searched for thing that wouldn't last/
She finds herself happy but sad when things are bad/
Don't believe in that fairytale happiness/
It happens when you find Him, but I understand you're lost/
Minds in what the world has taught/
A woman needs a man that wouldn't break her heart/
Or a couple now & days make em happy/
Sellin' they body for all that money they enjoy being wealthy/
I see the real joy in life when you look for it/
I'm talkin' forever, never just for the moment/
Christ makes me enjoy the life I've been given/
And I still stress but being love is that better feelin'

Chorus

For God so loved the world/
He gave His only son/
That if we just believe/
Then we could live forever/

He didn't send His son/
To judge us for our wrongs/
But to give eternal life/
So that we could live it better

Oh oh oh oh oh it's all love baby/
Oh oh oh oh oh it's cause He loves us baby/
Oh oh oh oh oh it's all love baby/
Oh oh oh oh oh oh how He loves us baby/

Verse 3

Ey ey ey, wake up and try somethin' else/
Go outside and try and love you neighbor as yourself/
It's hard cause first you gotta put your pride up on a shelf/
It's hard to give a dollar when relyin' on your wealth/
So the poor stay poorer, the rich get richer/
I hate that picture, we gotta get better/
We gotta have, faith, hope, love/
And the greatest of these is love/

Chorus Out

For God so loved the world/
He gave His only son/
