

LOST X FOUND

By:Je'kob

Verse 1

Since I lost you my soul is weary/
I'm drifting into a black hole/
I, I'm tossing & turning, I feel like I'm burning/
My soul is on fire/
I know the way I've been livin' is wrong/
How do I get back to where I belong/
Tell me, Lord will you come save my soul/
Lord will you come make me whole/
Lord will you come save my soul, my soul/

Chorus

Yeah, Yeah I just wanna be happy/
And no, no there's no pill you could give me/
And what happens when I'm lost/
How do I get found/

Verse 2

Stuck under the bridge where my tears they turn to raindrops/
And I wanted to know who could take this pain away/
Away, away, away, away, away, away, away, away/
Tell me, Lord will you come save my soul/
Lord will you come make me whole/
Lord will you come save my soul, my soul/

Chorus

Yeah, Yeah I just wanna be happy/
And no, no there's no pill you could give me/
And what happens when I'm lost/
How do I get found/

Bridge

Oh there ya are, & it's beautiful as summertime
And it's beautiful as butterflies/
And I'm letting everybody know/
I'm gonna let me river overflow/
And I don't wanna waste another day/
I'm gonna move, I'm on the move/

Chorus 2X

Yeah, Yeah I just wanna be happy/
And no, no there's no pill you could give me/
And what happens when I'm lost/
How do I get found/

Outro

I found a place where I could lay my head/

I found a place where I could lay my head/
I found a place where I could lay my head/
I found a place where I could lay my head/
