

## **PUSHIN' ME (WITH. COLDPLAY)**

Chorus -

And time is on your side, it's on your side now/  
I'm pushin' you down and all around/  
Oh it's no cause for concern/

Verse 1 -

A lot of people hurting out here in the world/  
And we ain't got the decency to try to heal the world/  
And every other song's talkin' bout stackin' paper/  
And everybody sins so we all must be fakers/  
I'm speakin' for the world, I'm speakin' for myself/  
Our souls ain't got no pockets but we 're still chasin' wealth/  
And you could blame the media, you could blame it on em all/  
It is so much easier for someone else to take the fall/  
Fall, we fallin' like leaves in the autumn/  
We six feet deep like trees on the bottom/  
The difference is they rooted, they know just how to do it/  
They hold each other up underground where the root is/  
And that's love, and that's patience/  
I'm tryina fly away on this spaceship/  
Up into the sky, up there where the stars is/  
I'm down here, but heaven's where my heart is/

Chorus -

Verse 2 -

Time, the biggest enemy of mine/  
Sometimes I wish that he would change his mind/  
And slow down a minute, and let us catch up/  
How we gonna fix all the things we messed up/  
How we gone right all the things we made wrong/  
We betta hit our knees, and send it to the throne/  
Send it to the master, sin is like a cancer/  
Shorty keep your head up, Jehova got the answer/  
And I know they pushin', push you to the edge/  
Tryina make a second home for you out on that ledge/  
Whisperin' jump, ain't nobody care/  
Your prayers ain't working', ain't nobody there/  
Say devil you a lie, God is in my heart/  
The book say satan wanna tear my life apart/  
Be still and know that I am God, that's what he told me/  
And put the past in the trash with the old me/

Chorus -
