

THIS LIFE THIS LIFE

BY: JE'KOB

Chorus 2X

This life this life I'm a live it oh
This life this life I'm a live it oh oh
This life this life I'm a live it oh
This life this life I'm a live it oh

Verse 1

See, money over everything that's what these rappers told me /
Had me livin' in the past rubbin' shoulders with the old me /
Na I was never gangsta, but I never loved God like I should /
It's like my soul was out there banging on them corners in the hood of my
heart /
And all because this kid was convinced that his life had no purpose, satan was
out there working /
Uhh, the pride of life tried to take me to the grave /
Asking me every day are you a master or a slave? /
Well, I seen a lot of people learn the hard way /
Screaming yolo till they drive drunk and roll over /
They wanna tell me I should live fast & die young /
Na, that aint me I'd rather live smart than die dumb /
And It didn't take no degree for me to see /
That the air within me lungs was co dependent with the trees /
They said that I should chalk it all up to chance /
And life is just an accident without a master plan /
Do you even understand how much luck we'd have to have /
To be floatin' in the dark bound to perfect laws of gravity? /
And that's deep like the space is /
But you aint livin' life till the day you decide to face it /
I promise you /

Chorus 2X

This life this life I'm a live it oh
This life this life I'm a live it oh oh
This life this life I'm a live it oh
This life this life I'm a live it oh

Verse 2

Money, cars, sex drugs, /
You could waste your life chasing all of the above /
But you ain't never gone be happy till you find /
The reason why you livin', the reason why you alive /
Why you think strip clubs got the lights off? /
And crime rates would decline if satan took the nights off /
We all in the dark looking for that light /

It's in the word of God , In the blood of Christ /
See most people they don't wanna learn /
They claim the bible is a hoax but they ain't read a word /
But they believe everything up in that history book /
And time's based on B.C. & A.D. if ya look /
What you think that means? before christ?/
After death? that's more life /
That's more hope, that's more dreams /
Let that light shine Mathew 5:16 /
Cause life's short - Blade of grass /
And our souls are the only thing that's made to last /
I know you flying high on that kite /
but take a minute homie think twice while you livin' this life /

Chorus 3X

This life this life I'm a live it oh
This life this life I'm a live it oh oh
This life this life I'm a live it oh
This life this life I'm a live it oh
