Wake up!

## ***Half Chorus***

On This side of the sky  
We're gonna have our troubles  
And everyday is a battle  
And They fighting for your soul

## ***Verse 1***

I'm asking for your grace God, this world is nuts /  
Have mercy on my day God, I'll do whatever you want /  
I'm rollin out this bed I'm tryina do just what you said /  
But satan's creeping in my head, I know he only want me dead (Blacka blacka)  
Got me goin' hard up in this paint no wacka flocka /  
I'm out to heal the world with the words of the doctor /  
the great physician told me this himself /  
Said I gotta put my pride up on the shelf, if I wanna help /  
The world is crazy, times are changing, and the devil's real /  
and his greatest ally is Christians who are out there sitting still /  
No calling names Lord knows that many times that person's me /  
And we close our eyes to the things that we don't really wanna see /  
Debating politics that don't line up with God's word /  
Turning this way of life into something that's ab -surd /  
I serve the true God that died & rose for me /  
On this side of the sky is where I be until I d-i-e /

## ***Chorus***

On This side of the sky  
We're gonna have our troubles  
And everyday is a battle  
And They fighting for your soul  
Soul oh oh oh oh oh  
They fighting for your soul  
Soul oh oh oh oh oh  
They fighting for your soul  
Soul oh oh oh oh oh  
They fighting for your soul  
Soul oh oh oh oh oh  
And they fighting for your soul

## **Verse 2**

Now poppa always said satan is a cruel creature /  
One hand behind his back every time that he greets ya /  
I'm telling you, Every single sin that we embrace has a counterpart /  
And ain't nuthin' that we do is hidden from the eyes of God /  
Everyday's a battle may your scars be a testament to /  
Others who are under the same weight that was pressin' on you /  
Uh, now that's an earful of knowledge for ya /  
it might teach ya more than years at a college for ya /  
The sun comes up & goes down everyday /  
We out here loanin' out our souls like we Fannie Mae /  
The devil wants to keep mind trapped in the dark /  
And only God knows how he gone start /  
A little bit of this, a little bit of that /  
They trade in their degrees for a little bit of crack /  
I seen it done - Under the sun all we chase is in vain /  
While we should be chasin' after His name that's all I'm sayin' /

## **Chorus**

On This side of the sky  
We're gonna have our troubles  
And everyday is a battle  
And They fighting for your soul  
Soul oh oh oh oh oh  
They fighting for your soul  
Soul oh oh oh oh oh  
They fighting for your soul  
Soul oh oh oh oh oh  
They fighting for your soul  
Soul oh oh oh oh oh  
And they fighting for your soul
