### Verse 1

Good evening, I'ma tell you how my day went/  
Got canned now we struggling' to pay rent/  
But I'm alright and I'm ok, & we gone make it through the day/  
I won't sweat, I'll sit still/  
And render my whole life to His will/  
And reprogram my anatomy/  
Refuel the fire with haters stayin' mad at me/  
Yep, & the word says don't doubt/  
Walkin' on the waves no wipe outs/  
And I mean it no wipe outs/  
They could repossess the car & turn the freakin' lights out/  
Uh, yeah turn the freakin' lights out/  
I praise Him in the dark till the lights out/  
Get it? Until it's light out/  
I throw my cares to the wind & get my kite out/

### Chorus

I will never ever stop waiting on the Lord, waiting on the Lord/ 2X

### Verse 2

I woke up mad at the world, woke up mad at the way it worked/  
Prayed to God that he'd heal all the people hurtin'  
God knows somewhere a mother needs a break/  
Son addicted to meth, here daughters period is late/  
Whoa, & I don't mean to get graphic on em/  
Young buck didn't have the sense to put a jacket on em/  
That's why the safest sex is no sex at all/  
Wait until you find the one then yawl could have a ball/  
And everybody knows that pride comes before the fall/  
So when she told em wrap it up, he was like Na/  
Uh uh, he was like Na/  
Bout to be a dad & he can't even drive a car/  
He can't even drive a car/  
Life is like a rap video without the stars/  
If every effect has a cause/  
Then you gone be ok just trust God/

### Chorus

### Bridge

Lord I feel lost inside this crazy world, this crazy world/  
Lord I feel lost inside this crazy world, trapped in this world/

### Verse 3

Sometimes I feel like I am just so so, I'm never gonna make it/

God said makin' it aint always bringin' home the bacon/  
Cause where your treasure is that's where your heart lies/  
My faith is not in faces on a bill they all died/  
I put no faith in politics cause every man lies/  
And you could be the hardest thug, every man cries/  
Yeah, every man cries/  
Especially when you open your eyes for the first time/

Chorus 4X
